 - Process cash, debt, and derivative/hedging instruments from inception to maturity.
 - Manage substantial intercompany cash flows and balances around the group efficiently.
 - Process urgent, foreign currency and large payments on behalf of accounts payable and business units.
 - Preparation of settlements, ensuring all payments and receipts are settled on time and efficiently.
 - Execution of derivative instruments (such as foreign exchange instruments and interest rate swaps) in line with demonstrated competence and agreed parameters.
 - Anticipating and planning for future transactions, including cash flow forecasting and refinancing activity.
 - Manage risk metrics within agreed tolerances.
- Record keeping and reporting
 - Ensuring that each day's transactions are recorded completely and accurately in the Treasury Management System and confirmed to counterparties as appropriate.

- Use confirmation matching and online banking platforms to facilitate operations, and develop their use further.
- Preparing periodic reporting at various frequencies on treasury activity and transactions
- Maintain mandates, know your customer requests and other documentation with relationship banks.
- Perform the annual bank account review.
- Business partnering
 - Centre of excellence for all aspects of banking arrangements.
 - Support the business units by opening and closing bank accounts as necessary.
 - Evolve Treasury Front Office operations to capture activities previously performed by business units.
 - Supporting business units in any other aspects of Treasury.
- Governance
 - Always maintains a strong control environment.
 - Operates with candour and openness.
 - Assists with explaining transactions and answering queries from the Group Finance team (in their Treasury Back Office capacity).
 - Assists with external and internal audits as necessary.
- Systems
 - Maintain, develop and improve the systems landscape of Treasury.

You will have...

- Excellent accuracy and attention to detail.
- Ability to work to tight deadlines.
- The resilience and flexibility to thrive in a challenging and changing environment.
- Good record keeping.
- Relevant experience in a corporate treasury function, professional firm, or banking environment.

It would also be nice for you to have...

- Possession of a relevant treasury or accountancy qualification or a desire to study towards one.
- Experience of using electronic payment systems.
- Experience of using a Treasury Management System.
- Familiarity with derivative financial instruments.

Special job requirements:

- A high degree of personal integrity.
- Resilience and maturity.
- Ability to cope with pressure and to work to tight deadlines.
- A good communicator with both external and internal parties.
- Flexibility to incorporate occupational European travel.

What we offer...

Competitive package including; 25 days annual leave, private health care, pension, life assurance. As well as an annual medical check-up, a wellbeing programme and an annual charity day of giving.

We provide excellent opportunities for training and development, supporting employees with their career ambitions. We have a range of high-quality education and training on personal and professional skills that enable our people to fulfil their potential.
